SCALING SUSTAINABLE TECH WITH JAMES FAZIE, CO-FOUNDER & CTO OF FLUME WATER

James is the Co-Founder and CTO of Flume Water, a leading innovator in water management technology. James will share his journey of building Flume into a successful startup and offer insights into scaling a tech company focused on sustainability and impactful change.

Flume Water

A groundbreaking product that has tracked over 15 billion gallons of water usage. Customers have been able to reduce their water consumption by an impressive 15% on average, while cutting damaging leaks by 70%.
